Friday 5th March 2021

Dear Parent/Carer

## **Full school opening**

I wanted to take this opportunity to welcome you back ahead of Monday's full re-opening and assure you that the well-being and safety of your children is, as always, our priority.

School will fully open on Monday 8th March and attendance will once again be compulsory, as per the government guidance. As the children return we have planned a reconnection period during the next three weeks in which the children will be supported with their emotional well-being. Work will be focussed on 'believing that we can make a difference, promoting collaboration, teamwork and hope and gratitude'.

We will continue with the broad and balanced curriculum that your child has received during closure. Our focus for English and Mathematics, over the next few weeks, will be reading fluency, sentence structure, number and calculation across the school. We also have an exciting STEM week for Science planned for our second week back. More information will be shared around our exciting learning for this event in the coming weeks.

We are all looking forward to working with our school council to plan exciting events over the next term. World Book Day just wasn't the same without us all together. It's hard to believe it's a full year since I stood as a ladybird welcoming so many wonderful characters through the gate! We look forward to working with the children to plan ideas to celebrate our love of reading with events next term, and along with reading we'll be planning other curriculum enrichment opportunities next term. The children really do have the best ideas, so we can't wait to hear the suggestions and ideas they have to share.

A huge thank you from myself and the staff must go to all parents and carers for supporting the children so wonderfully throughout the closure period. We appreciate what a challenge this has been and we want to thank you for working in partnership with us. We look forward to welcoming the children back and building on their wonderful remote learning.

Please find below a reminder of the arrival and departure times for each year group. Siblings should arrive and leave at the start and end time of the child with the earliest time. Please remember that face masks are to be worn, by all who are not exempt, when on the school site and that social distancing must be maintained.
